Disposable mask donation

Restauración, Dajabón.- The mining company UNIGOLD made the donation of 1,400 disposable surgical masks to be distributed to the teachers of the public educational system of Restoration, they were awarded together with school supplies donated by the same entity. The donation contributes to the strenuous effort they have been making on corporate responsibility to prevent the spread of COVID-19 among students and teachers.

This is a sign of UNIGOLD's affection with the educational community of Dajabón, to continue to redouble biosecurity measures in schools. Each mask is an invaluable resource to contain the spread of COVID-19 in classrooms, where students live alongside their teachers.

Due to the prolongation of the coronavirus pandemic, the mining company joins efforts as a strategic partner, in order to guarantee better protection conditions in school environments. Through this donation, the importance of the use of masks is also reflected, since they will be part of the school uniform while we go through the pandemic.

On a daily basis, students will be exposed to contact with different people and can become carriers of this virus and infect their family environment for this, not only will they help in the implementation of hygiene measures at school, but will also contribute to peace of mind. families, who will feel satisfied knowing that the security of the educational centers will be reinforced.

“As a company with a large operation at UNIGOLD has a longstanding commitment to supporting the health and well-being of the communities in which we live and work, we believe that the best place for a child to learn is in the classroom with a teacher ” expressed Ramón Tapia Country Director of UNIGOLD.

The masks were personally distributed by the company team among the different educational centers that make up the municipality of Restauración.
